

WORKSHOPS & TRAINING

FOUNDATIONS OF GENDER-BASED VIOLENCE

Foundations of GBV provides groundwork for understanding gender-based violence through a feminist, trauma-informed lens. In this training, participants gain a deeper understanding of what gender-based violence is, as well as an opportunity to reflect on the social conditions that allow it to flourish.

BYSTANDER INTERVENTION

Bystander Intervention is the ability to know what to do when a situation arises that requires assistance or interruption. This workshop focuses on bystander intervention as it relates to instances of gender-based violence (GBV), and how to safely intervene. Participants will leave with an understanding of what bystander intervention is, what GBV looks like, and how to safely intervene in day-to-day life.

SEX FOR SALE

This workshop considers the intersections and diversions between human trafficking, sex work, and porn by taking a sex positive and harm reduction approach. Participants will leave with a deeper understanding of choice and consent, as well as concrete tools for applying theory to practice with regards to their own sexual literacy and possible porn consumption.
