

WORKSHOPS & TRAINING

CONSENT 101 (YOUTH)

Consent 101 focuses on understanding sexual violence and consent through a legal and a trauma-informed lens. We look more deeply at what sexual consent means and looks like in practice, and as well as some of the social conditions that impact our understanding of these topics. Participants will leave with a deeper understanding of consent communication, as well as with practical tools for sharing these lessons with youth

ALL WORKSHOPS & TRAININGS
